### **MUSIC AT NATEBY PRIMARY SCHOOL**

#### **THE NATIONAL CURRICULUM**

Purpose of study Music is a universal language that embodies one of the highest forms of creativity. A high quality music education should engage and inspire pupils to develop a love of music and their talent as musicians, and so increase their self-confidence, creativity and sense of achievement. As pupils progress, they should develop a critical engagement with music, allowing them to compose, and to listen with discrimination to the best in the musical canon.

#### **Aims:**

The national curriculum for music aims to ensure that all pupils:

- perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians
- learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence
- understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

#### **How will Music be taught?**

#### **Intent**

We want our Music Curriculum to enable children to be expressive and to understand the expressions of others. We want our pupils to feel a sense of joy through music which may be something they find useful for the remainder of their lives. At Nateby we ensure that all pupils have the opportunity to experience many different types of music. Children develop their understanding of how music can be used to express feelings and emotions. Music at Nateby

is taught on a weekly basis either by the class teacher or by a Lancashire specialist teacher. Over the course of their learning journey at Nateby children learn through playing a variety instruments both tuned and untuned. They learn to be active listeners and to make their own music with some notation. In Years 2 & 3 children learn about musical notation, rehearsing and playing using a recorder. During the upper phase of KS2 children learn to play the keyboard and continue to develop their writing skills and knowledge.

Music is an integral part of our school productions: each class has one production in a year. Older pupils perform in front of an audience at the end of every term show-casing what they have learnt during that time. Music also plays a large part in our weekly assemblies.

### **Implementation**

#### **How pupils at Nateby will learn through and about Music?**

Music is taught by the class teachers using a variety of resources but largely based on Charanga Original Scheme from Lancashire.

Class 2 also learn to play the recorder.

Reception Music lessons are generally taught in four phases. They are as follows:

- **Listen and Respond** to a different style of music each week/step
- **Explore and Create** - initially using voices only but building to using classroom instruments too
- **Singing** - nursery rhymes and action songs - building to singing and playing
- **Share and Perform**

#### **In KS1 & KS2 the format is as follows:**

Musical Activities - learn and/or build on your knowledge and understanding about the interrelated dimensions of music through:

- a. Warm-up Games
- b. Flexible Games (optional extension work)
- c. Learn to Sing the Song (and Extended) with vocal warm ups
- d. Play Instruments with the Song
- e. Improvise with the Song

## f. Compose with the Song

### **EYFS (RECEPTION) AND Music**

The EYFS Framework 2021 says that: During the Early Years Foundation Stage, the essential building blocks of children's Musical capability are established. They are taught through the Expressive Arts & Design strand. The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe.

### **EYFS**

#### **Expressive Art & Design (Music)**

Early Learning Goal: Being Imaginative and Expressive

Children in reception will be learning to:

- listen carefully to rhymes and songs, paying attention to how they sound
- learn rhymes, poems and songs

Children at the expected level of development will: Sing a range of well-known nursery rhymes and songs; Perform songs, rhymes, poems and stories with others, and – when appropriate – try to move in time with music.

Subject content

#### **Key stage 1**

Pupils should be taught to:

- use their voices expressively and creatively by singing songs and speaking chants and rhymes
- play tuned and untuned instruments musically
- listen with concentration and understanding to a range of high-quality live and recorded music

- experiment with, create, select and combine sounds using the inter-related dimensions of music

### Key stage 2

Pupils should be taught to:

sing and play musically with increasing confidence and control.

They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory.

Pupils should be taught to:

- play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression improvise and compose music for a range of purposes using the inter-related dimensions of music
- listen with attention to detail and recall sounds with increasing aural memory
- use and understand staff and other musical notations
- appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians develop an understanding of the history of music.

**PERFORMANCE OBJECTIVES:**

To know and be able to talk about: ● Performing is sharing music with an audience with belief ● A performance doesn't have to be a drama! It can be to one person or to each other ● Everything that will be performed must be planned and learned ● You must sing or rap the words clearly and play with confidence ● A performance can be a special occasion and involve an audience including of people you don't know ● It is planned and different for each occasion ● A performance involves communicating ideas, thoughts and feelings about the song/music

- To choose what to perform and create a programme.
- To communicate the meaning of the words and clearly articulate them.
- To talk about the venue and how to use it to best effect.
- To record the performance and compare it to a previous performance.
- To discuss and talk musically about it – “What went well?” and “It would have been even better if...?”

**Impact**

Music is assessed in a formative manner throughout lessons so that the teacher can make constructive interventions where needed without damaging a pupil's sense of self-expression or belief in themselves as an artist. Teachers use this information to inform future lessons; ensuring children are supported and challenged appropriately. This data is analysed on a termly basis to inform and address any trends or gaps in attainment. Children in Foundation Stage are assessed within Expressive Arts and Design and their progress is tracked. Age related expectation levels are reported to all parents or carers at the end of the year.

Pupils are also encouraged to assess their own work. They learn how to make a positive appraisal of the work of others and offer their own, constructive opinions of how work could be improved. This enables them to apply these skills when being selective in the real world and forming their own, informed decisions.

Music successes are celebrated in assemblies, through newsletters, on the school website and through rewards and certificate. This creates a high-profile for the subject and high expectations for pupils. It creates a desire for pupils to achieve as well as giving all pupils a feeling of self-worth.

Our Music Curriculum is designed to enhance a feeling of self-worth and pride. Skills learnt in Music can be used across the curriculum especially in subjects such as Maths, Art and English where pattern and communication are very important.
